The key to Pierce Insurance Agencies success during the past quarter of a century is simple, it is our experienced staff.

Our associates' credentials exceed industry expectations, and we encourage our associates to attain the industries respected designations of CIC, CPCU, CISR and others by subsidizing their continued education in their field. We encourage bright, competent men and women to build their careers with us by offering competitive compensation and a pleasant work environment. The pride in our work is your assurance that every proposal from Pierce Insurance Agency is put together by a team of creative, experienced insurance professionals whose number one goal is to protect your business, personal assets and well being in the most cost-effective way possible.

Now as in the past, we base every decision on what is best for our clients. Pierce Insurance Agency is just the right size company to achieve this; large enough to carry weight with the companies we represent, yet small enough to be responsive to each and every client. Our size and stability give us the security to look out for our clients interests at all times, because in the long run that is best for our business as well.

I started selling insurance with my father David in 1980. I am licensed and sell all lines of business and personal insurance. In 2003 I purchased the agency from my father. I have enjoyed the many contacts and friendships I have made over the years. I will always try my hardest to earn and keep your business.

I am a licensed agent and obtained my CIC (Certified Insurance Counselor) designation in 1991.

The CIC is a mark of distinction that represents a commitment to continuous enhancement of one's knowledge and service.

CIC is nationally recognized as a symbol of professional excellence and leadership in the insurance industry.
